

November 8, 1944

0-21

On November 6 in the evening I waited in vain for Maro which had been settled from 21 to 22.15. I have not been able to wait longer because I too have my obstacles, that is the Swiss patrols which passed all the time in a suspected way. Please tell Maro to be punctual and accurate, unless he cannot be for major reasons. Next appointment is settled for next Monday.

Ortello
